WORK EXPERIENCE

FRESHER

FRONTEND DEVELOPER INTERN | (Code Alfa) | Virtual January 25- June 25

- Developed and optimized responsive user interfaces using React.js and Tailwind CSS, enhancing user experience across
- Collaborated with backend teams to integrate RESTful APIs and ensure seamless data flow.
- Participated in agile sprints, contributing to code reviews, daily stand-ups, and project planning.
- Built reusable UI components improving development efficiency by 25%.
- Implemented process improvements and automation solutions, resulting in 15% increase in productivity.
- Utilized Git and GitHub for version control and teamwork in a remote setup.

PROJECTS

Studio99 Salon:

Designed and developed a responsive salon website using React.js and Tailwind CSS, featuring service sections, bridal packages, image/video gallery, responsive navigation, and interactive UI components. Focused on clean design, mobile responsiveness, reusable components, and smooth user experience.

MegaBasket:

Developed a secure and responsive full-stack e-commerce platform with role-based access for Admin and Customers. Implemented JWT-based authentication, MongoDB database integration, product and inventory management, shopping cart, wishlist, and order tracking. Built a modern admin dashboard for managing products, users, and orders, with a fast, user-friendly interface using React.js, Node.js, Express.js, and MongoDB.
